# Let's Get Acquainted

Wave 4 Oct 1984

by Ruby M. Compton

Mark A. Turnblom was born June 30, 1956, in Ogden, Utah, the fourth of eight children born to Palmer F. and Margaret Applonie. The family moved to Brigham City in April of 1961, where his father worked as retail delivery supervisor for Hi-land Dairy until Dec. of 1975; then he and his wife moved to Heber City, where he is now parts and service manager for Spencer's Auto Sales. Mark's mother has busied herself with raising her family and making a good home for her loved ones. As they grew older, she became a tupperware dealer. Since moving to Heber, she has been running the Thread Shed.

Mark received his education in Brigham, and graduated from Box Elder High School in 1974. After one year at Weber State College, he was called to serve a two year L.D.S. mission in New Mexico. He served in the Albuquerque and El Paso districts, he still uses his knowledge of the Spanish language at home so he will not forget; his children understand what he is saying.

After returning from his mission, Mark became restless and decided to go to Louisiana. He worked his way there and back home again, after he decided he didn't like it there.

In the meantime, he took training in the use of computers and was fascinated with this work. He found a job with a company in Ogden called "Nice Corp." which is a toll free, nationwide answering service. He learned a lot about business there.

Mark met Susan P. VanBeuzekom in Jan. of 1978, while at work, (they worked for the same company.) Susan was the second of three children born to Susann Gaitan and Avo R. VanBeuzekom, a career military man. Susan was born in Molesworth, England, on Nov. 4, 1960. Her father was born in the Dutch Indonesion Islands, and her mother was born in San Antonio, Texas.

The VanBeuzekom family had made their home in South Weber, Utah, while her father was stationed at Hill Air Force Base, and Susan found work in the answering service at "Nice Corp." in Ogden; she soon became clerk of accounts receivable.

Mark and Susan were married on June 23, 1979, and they made their home in Ogden, Utah. Both quit working for "Nice Corp." in November, and Mark went to work at Apex in Salt Lake and Susan decided to stay at home. They made their home in Ogden, a nice place to come home to at the end of the day. They were very happy in this arrangement. The three Turnblom children were born in Ogden at the McKay Hospital. Mark Alan, Jr. was the first, then Susana Hermina, Joshua Felix is the youngest.

Apex hired Mark as computer operator and personnel manager; later he took charge of their carpet cleaning business. When Apex decided to sell the carpet cleaning business, Mark decided to buy it in Feb. of 1980, at that time they were servicing Heber Valley and Ogden areas.

They had learned to like Heber and the people who live here; they felt that Heber would be a good place to raise their family. In September of 1983, they decided to concentrate their

Apex Carpet Cleaning

efforts in one area and moved their operations to Heber Valley. They can be reached by calling 654-2379.

Since coming to Heber, Mark has serviced many businesses and private homes. He is equipped to do any cleaning one may need in Heber and Park City.

Mark is a member of the Heber Valley Jaycee's, and expects to get involved in other activities as time and opportunities permit. His hobbies are carpentry, all sports, camping and swimming. He was an exchange student to Guadalajara, Mexico during the summer of 1973 and 1974.

Susan has done a fine job of raising their children, and likes to sew, cook, and do oil painting. She likes to write children's stories, which she has filed away pending the making of legal arrangements so she will not lose authorship of her writings. Her favorite sport is swimming. The family love to go swimming as a group and the children are doing well in this sport.

We are glad to have this young family with us, and wish them happiness in their home and business.
